

# Save up to \$1,000 on commuting expenses this year!

Participating in a transit account is like receiving a 30% discount on mass transit expenses.

## How does a transit account work?

A transit account allows you to set aside pre-tax dollars for mass transit expenses associated with your daily commute to work. Choose a monthly election amount, up to **\$280/month**.

## Why should I enroll in a transit account?

If you take public transportation to work, you'll want to take advantage of the savings these plans offer.

Money contributed to a transit account is free from federal and most state taxes. On average, participants enjoy a 30% tax savings on their annual contribution, saving up to \$1,000 per year!

## Helpful hints...

- Funds will be made available in your transit account, as deductions are taken each payroll.
- You can change or cancel your election amount at any time.
- Save your receipts. You may need itemized invoices to verify card swipes.
- If your employment terminates, your account will be terminated.
- Any unused funds that remain in your account at the end of the year will be carried over into the next plan year.

### Spending your funds

Swipe your Flex Facts debit card to pay for commuting expenses such as the bus, ferry, or metro, as well as ride sharing apps.

### Eligible Expenses
