Make the internet a safe place for you and your loved ones.

A digital security benefit that protects your personal info, finances, reputation, and devices from fraud.

While doing more online offers you great connectivity and convenience, it also makes your personal information easily accessible and puts some of the things you care about most at risk: your identity, money & assets, family & reputation, and privacy. That's why identity theft protection is one of the fastest-growing benefits offered to employees today. If you shop online, connect to WiFi, or own a smartphone, you need Aura.
